

About

Les Faranduliers is a Barcelona covers band that takes you on a musical journey through the most iconic songs in rock, pop, blues and soul: from Elvis to the Stones, by way of Bowie, Tina Turner and Nina Simone, among many others.

A fresh live show, full of energy and good vibes, to dance, sing along and leave with more energy than you came with. We are committed to social causes and love putting our music at the service of charity projects.
